## VILLAGE OF KILLALOE SEWAGE CUSTOMERS

Dear Customer,

The Council for the Township of Killaloe, Hagarty, and Richards reviewed the 2023-year-end financial statements for the Killaloe Wastewater Plant along with existing rates and future needs and services. During the 2024 budgeting process, the Finance Committee recommended that the sewage flat rate monthly charge be increased in 10% increments over the next five years to address future costs and increases attributed to the operation of the Killaloe Wastewater plant.
