

NOTICE

VILLAGE OF KILLALOE WATER CUSTOMERS

All Water Treatment Plants in Ontario must meet the standards that have been established through Provincial Legislation to provide safe, clean drinking water.

As part of the licensing requirements under regulation (O. Reg. 453/07) made under the Safe Drinking Water Act, the Township of Killaloe, Hagarty and Richards retained the services of the Ontario Clean Water Agency (OCWA) to develop a financial plan for the Killaloe Drinking Water System (DWS).

The financial plan component of the licensing requirement is meant to ensure that all water treatment plants work towards being self-sufficient and plan for future plant capital expenditures.

For the Killaloe Drinking Water System, the financial plan was developed using historical and financial information supplied by the Township to forecast annual expenditure requirements, while taking into account major maintenance needs, capital upgrade requirements, inflation, and any growth forecast. The Township of Killaloe, Hagarty, and Richards adopted the financial plan on May 21, 2024. The new rates for 2024 will take effect on the billing due October 31, 2024.

The attached chart shows the rates for each type of unit. The rates will increase by 4% in 2024 and continue to increase by 10% each year from 2025 to 2028.

Type of Unit	Water Rates per Month					
	New Rates					
	2024	2025	2026	2027	2028	
Residential	\$117.10	\$128.81	\$141.69	\$155.86	\$171.45	
	4%	10%	10%	10%	10%	
Small Commercial	\$131.75	\$144.93	\$159.42	\$175.36	\$192.90	
	4%	10%	10%	10%	10%	
Large Commercial	\$146.38	\$161.02	\$177.12	\$194.83	\$214.31	
	4%	10%	10%	10%	10%	

The Township must fulfill all the requirements of the Licensing Program for the Killaloe DWS and one condition is to make the financial plan available to the members of the public who are on the drinking water system. The financial plan is posted on our website and will be available at the Township Office at no cost.
